HARAS DU SAUBOUAS

« Year after year, HARAS DU SAUBOUAS asserts itself **at the top of the list of establishments offering preparation** for horses from their yearling year up until their first start on a racecourse. »
Jour de Galop (The French « Racing Post »)

THE REFERENCE IN FRANCE FOR BREAKING/PRE-TRAINING

Paul BASQUIN, founder and owner of HARAS DU SAUBOUAS:

« When I created HARAS DU SAUBOUAS in the early 2000's, I knew that I wanted to mix the best of French equestrian tradition with the modern techniques and methods that I learnt during my travels to numerous different countries. My vision was to modern ideas to use with traditional methods. »

At HARAS DU SAUBOUAS, horses are worked in a calm environment with progressive work undertaken by professional exercise riders. The young horses benefit from constant individual observation by top class vets and farriers.

The new all weather exercise track was constructed in 2011, made up of reconstituted sand with a 850 metre straight that is 4 metres wide. Its size and shape is perfect for the gradual breaking in of horses.

HARAS DU SAUBOUAS with an international transport company (France and abroad) which offers perfect transport conditions for your horses.

HARAS DU SAUBOUAS is situated between Toulouse and Pau, in South-West France.

This is the n°1 region for Arabians in France. It benefits from a mild and sunny climate which permits an optimal preparation for two-year-olds.

HARAS DU SAUBOUAS has in the past received numerous Arabian horses for both breaking in and pre-training.

Today, 50% of the horses at HARAS DU SAUBOUAS are purebred Arabians.
