

# HARAS DU SAUBOUAS

## STUD FARM NEW

We have recently built a yard of the highest quality and safety with 150 hectares of exceptional land. Our foaling boxes are all under video surveillance, and the broodmares wear birth sensor belts. We work alongside the best technicians (veterinaries, farriers, etc.).

### WE HAVE BOARDED & FOALED TOP CLASS MARES SUCH AS:

**Theeba** (dam of Methgal), **Balladore** (dam of Amyr du Soleil), **Clairvoyant** (dam of Snipper de Monlau Gr1), **Diva du Paon** (3<sup>rd</sup> Gr1), **Rahab** (full sister to General), **Saleema** (Gr3 placed), etc.

### A CENTER OF EXCELLENCE FOR BREAKING AND PRE-TRAINING IN EUROPE

Breaking, pre-training, spelling: at Haras du Saubouas, all these things are done with the great attention to detail by a team of experienced staff and riders.

The temperate climate of the South-West provides an ideal setting to allow young horses to grow in harmony with their surroundings, and prepare for their racing careers in optimal conditions.

### REHABILITATION CENTER AND TOP QUALITY SPA

Top quality facilities are in place, ensuring that whatever the reason, every horse receives the best individual care for their rehabilitation. Each horse has a treatment programme designed to its particular needs, managed by our excellent and experienced team.

These facilities include a top of the range spa, ideal to treat tendonitis, trauma to joints, and bone injuries.

OUTSTANDING RESULTS, AT THE HIGHEST LEVEL, THROUGHOUT THE YEAR  
WE HAVE PREPARED AND PRE-TRAINED MULTIPLE GROUP 1 WINNERS:
